The printer can even be turned off & if a customer asks for a receipt after the transaction has been completed a receipt can still be printed.

SAM4S
NR-500
THERMAL ECR SERIES

THE ER-500 SERIES OF CASH REGISTERS ARE AVAILABLE IN THREE DIFFERENT MODELS

Operator Display

The ER-500 series benefits from an 8 line blue backlit, graphic Liquid Crystal Display providing operator friendly transaction information. The display also provides menu driven programming information for product file maintenance.

Customer Display

Transaction information is shown on a customer facing 2 line x 16 character LCD. The display can rotate to face the customer at any angle.

Table Management & Overlapping Cashiers

Provides itemised bills for restaurant tables at the end of the meal. Several cashiers can run simultaneous transactions using the Interrupt & Overlap feature.

Secure SD Port

SD Card Utilities include program Save/Load, report capture, firmware updates & graphics uploading.

Contact Anchor Data Systems on 028 9074 0315 for further details

" If used as customer receipt an electronic journal can provide a printed record of each transaction if required. "

ER-510R
(Raised Keyboard)

Ideal for all kinds of retail operations, with or without bar code scanning.

This model has a retail style keyboard with 48 raised buttons, 36 of which are programmable to provide user friendly, efficient operation.
A single station thermal will serve as either customer receipt or printed audit roll.

If used as customer receipt an electronic journal can provide a printed record of each transaction if required. End of day management reports can also be printed.

The printer can even be turned off & if a customer asks for a receipt after the transaction has been competed a receipt can still be printer.

ER-520
(Raised Keyboard & 2 Printers)

Ideal for all kinds of retail operations just like the ER-510R but with receipt & journal printers.

This is vital where a customer receipt is issued with every transaction & a real-time printed audit roll is required. Providing a receipt with every transaction help to ensure correct information is entered into the cash register & provides proof of purchase.

NR-510R
RAISED KEYBOARD & SINGLE STATION PRINTING.

- 8 line Blue Backlit, Graphic Liquid Crystal Display.
- 2 x Serial Ports & 1 x Type A & 1 x Type B USB Port.
- Single & Twin Station Thermal Printers.
- 2 x Lines x 16 Character Rear Customer Display.

Providing a receipt with every transaction helps to ensure correct information is entered into the cash register & provides proof of purchase.
